After perusing the pamphlet one cannot help asking: What is that State which is represented as one of the four owners of educational rights, and which stands forth as the general manager of the joint property P Is it a Christian State united with the Church, obedient to her in things Spiritual, and (although itself supreme in the temporal order) acknowledging her indirect authority when she calls on rulers to come to her assistance? If so, we may acknowledge in the civil power not only the rights which essentially belong to it, but also those which may have been delegated to it by the Church. The brow of Charlemagne is glossy with the sacred unction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
