FROM CANCER GOOD THINGS GROW (PAPERBACK)

Balboa Press, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Jeffrey Deslandes thought he had it all. The father of five children, he had his whole life ahead of him. But on one fateful day in 1999, he believed it was all over when he was diagnosed with an aggressive form of cancer. He was wrong. His is an inspiring, positive, and true story about surviving cancer-and the things it teaches you. You grow as a person. You learn what is really important in life. You discover who your true friends are. After traditional treatments, such as chemotherapy, failed to control his cancer, Jeffrey started looking for emerging therapies. When he learned of an experimental treatment involving a personalised vaccine protocol, he pursued it. It is now feasible to have something good-a personalised cancer vaccine-created from something bad-your cancer. This one-of-a-kind vaccine reeducated his immune system so that it could identify and destroy his cancer. Jeffrey s story is not a gloom-and-doom tale of yet another poor soul enduring cancer treatment. Instead, he shares his story in the hopes of reaching and inspiring other cancer patients who may have given up. Some of the stories in this book come from his deep spiritual core, but he is not a religious man. He doesn t require you to believe these stories, only to know that everything detailed in this book is true.
