This book is for executives and stakeholders in your organisation with a vested interest in the successful implementation of Cloud projects and the use of your organisation s IT systems - and that s not just the IT Department It insightfully and professionally reveals the kinds of issues that you are likely to face in adopting Cloud technologies in your business, whether that be small, mid-market or multinational. Focus on Software as a Service (SaaS) - Also known as the Public Cloud, SaaS is sometimes referred to as software on-demand.
