HERBICIDES AND PLANT METABOLISM

Cambridge University Press. Paperback. Book Condition: New. Paperback. 288 pages. Dimensions: 8.9in. x 6.1in. x 0.9in. A review of the most important areas of the biochemistry of herbicide action. The introductory chapter begins with the field of herbicide discovery, followed by chapters dealing with the herbicidal inhibition of photosynthesis, carotenoid biosynthesis, lipid biosynthesis, and amino acid biosynthesis. The metabolism of herbicides is discussed with particular reference to the formation of toxic components from non-toxic chemicals, and also the inactivation of toxic...

Reviews

This pdf is really gripping and interesting. We have go through and that i am confident that i will planning to read yet again once again later on. You wont feel monotony at at any time of your time (that's what catalogs are for relating to in the event you question me).

-- **Miss Madisyn Gulowski**

An extremely great publication with perfect and lucid answers. It really is writer in straightforward phrases and never hard to understand. You can expect to like how the author write this publication.
