Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1867 Excerpt: . tube is placed in the position as shown in fig. 3 it may be left for a considerable length of time without losing much. After a quarter of an hour the tube was re-filled a little above the mark b; it was then taken out of the test-tube and a quantity of ether drawn out of the tube by drawing the end a across the finger, until the level of the liquid reached the mark 6. The bulb was then tilted up so that the ether sank some little distance into the tube a, and in such a position it was hung, as shown in fig. 4, by a Fig-4 the space of oiio hour. The tube was now emptied and re-filled with another sample of anhydrous ether; it was then found to weigh t 6082 grin, at 10 2; emptied and refilled, it weighed...
