EDUCATION IN A PRUSSIAN TOWN (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Education in a Prussian Town This brochure reproduces a paper which was read last winter before the Dublin Education Society; and the phraseology in some respects, I fear, bears traces of its oral origin. In itself, the paper can hardly be regarded as worthy of print; but the quotations from British and German authorities, with which I have fortified and illustrated my own observations, may perhaps confer on it a vicarious usefulness. It is an attempt to picture the education in a typical German town. We have in English many treatises on German education; but the only detailed study of any city, so far as I know, is the excellent report of Mr. Andrew on the Elementary Schools of Berlin and Charlottenburg. But the educational equipment of a capital city is necessarily sui generis. Wiesbaden, on the other hand, may I think be regarded as educationally typical. For thus attempting to picture the education of a typical town in the paradise of education no apology (apart from the defects of the execution) is needed. It is now universally recognised that the more we know of the details of educational practice in other countries the better. From (for instance) the late Federal Conference on Education no lesson emerged more clearly than that our duty is to observe, report and compare: observe what others do, report what is observed, compare what is reported. Education can never be largely an experimental science; its observational character is world-wide. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
